

# LED low voltage strip light

Barcode: 8433325203771

## Specification

Dimension	L5000*W8mm
Wire length	1500mm
Technology	LED
Length	5m
Roll size	D177*H8mm

## Technical parameters

Voltage	DC12V
Luminous flux	1200lm
Current	MAX.2000mA
CRI	Ra > 80
Beam angle	120°
PF	> 0.5
Hg%	< 0.1%
Power	18W
Frequency	50/60Hz
Color temperature	3000K
Power consumption per 1,000 hours	18kwh/1000h

## Application environment

Environment	Indoor
Working Temperature	-20°C ~ 40°C

Protection	IP65
------------	------

## Life span

Life span	20000h
Switching frequency	≥15000times

## Material

Shell material	PC
Main Materials	PU&Cuprum

## Certification

Certification	 
---------------	---

## Package

Package	pc/blister card
Outer Package	pcs/ctn
Unit package qty	One
Outer package qty	16
