

LED low voltage RGB light

Barcode: 8433325210618

Specification

Dimension	L5000*W10mm
Wire length	1500mm
Technology	LED
Length	5m
Roll size	D177*H1.2mm

Technical parameters

Voltage	DC12V
Current	MAX.2000mA
Beam angle	120°
PF	> 0.5
Hg%	< 0.1%
Power	MAX.24W
Frequency	50/60Hz
Color temperature	RGB

Application environment

Environment	Indoor
Working Temperature	-20°C ~ 40°C
Protection	IP65

Life span

Life span	20000h
-----------	--------

Switching frequency	≥15000times
---------------------	-------------

Material

Shell material	PC
Main Materials	PVC&Cuprum

Certification

Certification	 
---------------	---

Package

Package	pc/blister card
Outer Package	pcs/ctn
Unit package qty	One
Outer package qty	16
